A START LIST WILL BE EMAILED OUT TO YOU THURSDAY
NEXT WEEK AND POSTED AT REGISTRATION!

When you arrive:

Registration:

You will need to give the name you used to sign up to the event online.

You will need to show your British Triathlon membership or race pass.

In exchange, you will be given 2 race numbers and a timing chip with an ankle strap (This must be strapped to your LEFT ankle). A race number must be worn visible on your front for the run and on your back during the bike. This can be fixed to the front and back of a shirt or a single number can be worn on a number belt and rotated from the back to the front.

You will also receive 2 numbered labels (one for the front of your helmet and one for the top tube of your bike). You must write your number on the back of your hand.

Safety pins will be available at registration if required. Please ensure you fill out your emergency contact details on the back of your race bib!

Baggage:

Excess baggage will be able to be placed next to the barrier on the inside of transition. Please keep your area next to your bike only for equipment needed for the event.

Toilets and Changing:

Toilet and Changing facilities are on site in the Sports Centre. Portable toilets will also be available next to transition.

Free female sanitary products available in a labelled portable toilet.

Transition:

- To enter the transition area you must be wearing your helmet securely, be displaying your race number and the stickers in your registration pack must be on your bike and helmet.
- After the race you will need to show your race number and this will be matched to the sticker on your bike and helmet by a marshal
- Please note that only equipment required for the event is to be placed in transition, next to your bike. No boxes or large bags are allowed to be left by athletes' bikes in transition.
- Racking of the bike needs to be by the saddle, so that the majority of the bike faces towards you (front wheel facing you with the kit by the front wheel).
- Transition will be closed 15 minutes prior to the race start. Reopening will be advised by the commentator.
- If this is your first multi-sport race, then it is good practice to familiarise yourself with the ways in and out of the transition area. There will be marshals to help if you are not familiar with setting up arrangements for your bike, helmet, shoes etc...

Start List:

A start list will be published at registration with approximate start times. Each age-group distance will start with the fastest swimmers first. Each wave will not start until the swimmers from the previous wave have left the pool.

Spectators & Parents:

Spectators are allowed, and we encourage them to come along and cheer all the athletes at the event. We will identify an area for you to be able to view both the bike and run course. Please avoid walking across the cricket pitch, any roped-off areas and only cross the course at designated crossing points after checking that the course is clear.

If you bring a shelter or gazebo, it is essential that you bring weights and pegs to ensure that it is secured.

Parents – please see the infographic on the final page of this document for guidance.

No photography permitted inside the Sports Centre.

- Swim hats to be provided. No backstroke.

- Your timing chip will start when you are told by the start official.
- You must complete the correct number of lengths, ducking under the lane rope at the end of each length. The Youth category will complete two lengths in each lane before ducking under the lane rope (see diagrams on the following pages).

Running alongside (pacing) and handing over drinks is not allowed and may result in disqualification of the competitor.

Parents are strictly excluded from the transition area at all times.

Please take time to read the [Parents Guide – British Triathlon](#) and encourage all the competitors on the day.
